JOURNEY....

All life is a journey. We move from station to station, port to port, reaching one destination only to depart for another.

For three years we have shared the same route. We came from different directions, yet as traveling companions we have felt a common loyalty to that which united us—our school.

The time we have spent on this particular road is one of the most important segments of our great journey, for it was here that we explored our capabilities, formed individual tastes, and learned the value of self-reliance. Having overcome many small defeats, we learned that perseverance brings success. Here we found not only competitors, but also loyal friends. Most important, though, it was here that we realized what will be expected of us as adults. With these experiences we have decisions that will guide the separate routes of our future travels.

Now as we part and move on to new destinations, let us look back with nostalgia and pride at this road we have traveled together.

Mary Sue Steinberg

HEAD MASTER'S ADDRESS

Each year graduates of our high school face a world which has changed even within their senior year. In succession we have seen the automobile, the airplane, the computer, the missile, and the space capsule affecting the life process of young persons finishing high school.

Many of you will advance into schools of higher learning; others will terminate their formal education on graduation day. Those of you who are among the first group will have opportunities to consider the direction in which you will proceed. Those of you who plan to terminate your studies should consider now how best to meet the future.

We recognize the fact that many individuals dislike the discipline of formal education. Some persons will not apply themselves to study academic subjects. Mental discipline is not for them, they claim; yet they must face their future and they should make some preparation for it, beyond the high school level.

Actually many opportunities await graduates who acquire a skill. Formal education in many channels of work is not so important as skill and training. Job corps and manpower training are procedures which recognize the need for skill. Hence those of you who dislike academic subjects should inquire into the industries that require skill and trades.

The opportunities for skills in the trades, in machinery, in automation, in the space age are so plentiful that the worker who really prepares and applies himself can be assured of a comfortable future.

There is a place in the world for each one of you. You can succeed if you will.

The future is in your hands. Choose your road wisely and the world you make for yourselves will be all that you now hope it will be—and more.

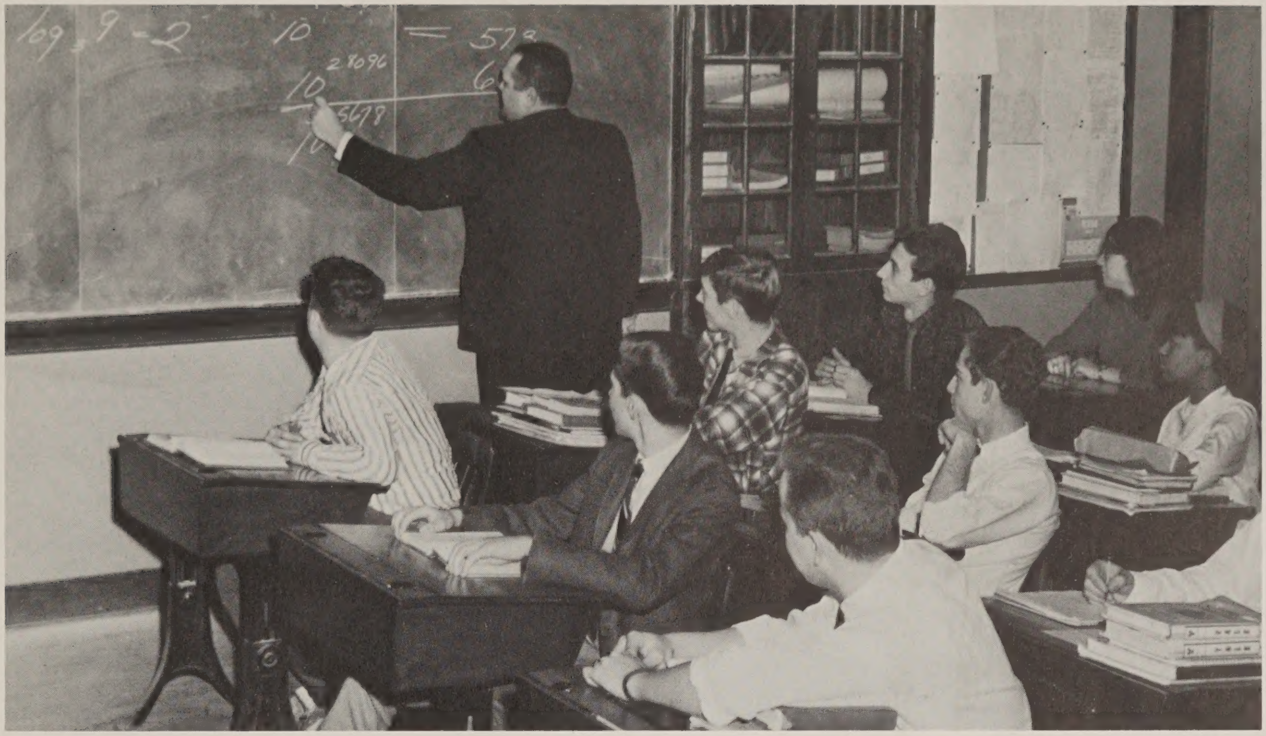
FACULTY



. . . and most important of all—teaching.

Brighton High School's long history dates back to 1631, when the city of Cambridge, seeking independence, voted to separate from Cambridge and established Brighton.

In 1841, Academy Hill was chosen as the site for the first high school. Under the guidance of the first two principals, Mr. John Ruggles and Miss Delia Gardner, the pupils studied philosophy, astronomy, Latin, French, Italian, and math.

Due to increasing enrollment, another high school was built in 1896, which is now the William Howard Taft Junior High School. The curriculum originally consisted of a college course and a business course; it was later extended to include an automotive and commercial course.

John Ryder, the new principal, founded the first school library in Boston at Brighton High and started the school magazine, which was then called the "Imp."

The present Brighton High School, the "Castle on the Hill," was constructed in 1930.

The faculty have always played an important role in our history and have given the school its present high standing. Through the teachers' efforts we have been prepared to meet the future as intelligent, mature citizens. Our faculty are presented on the following pages.

REMEMBER . . .

A graduate of Boston University and Harvard University, Mr. Carey was the head of the History Department at Brighton High. He is now associated with the Office of Program Development, which is concerned with experimentation and innovation in the Boston Schools. He is greatly missed by the students who enjoyed his stimulating debates in history class, and remember him as a friend and an excellent teacher.

Miss McNamara our former health education teacher and assistant guidance counsellor, has been promoted as guidance counsellor at Hyde Park High School. She holds a master's degree, and has attended Sargent College, Marywood College, and Boston College. She has traveled in the United States, Mexico, Canada, and Europe. Besides traveling, her interests include photography, sports, and participating in the Duchesne Guild and the Boston College Alumni Asso-

[redacted]

Mr. Kelleher, a graduate of Boston College, taught all the Latin classes at Brighton High. In addition to his regular teaching duties, Mr. Kelleher supervised the production of our yearbook, the Gothic, for seven years.

Each year this generous and dedicated teacher donated hundreds of dollars for scholarship purposes to be awarded to the pupils of his Latin classes who planned to enter college.

We wish Mr. Kelleher, who retired in 1964, many years of happiness.

Miss Adams, a graduate of Boston University, taught French at Brighton High School, and was the advisor of the French Club. She has traveled throughout the country of France, and has spent one year as an exchange teacher at the Lycee de Jeunes Filles at Annecy, a town in the Alpine district of France. We congratulate Miss Adams on her promotion to the head of the Language Department at Roslindale High School.

Miss Fitzgerald, our former history teacher, is now head of the History Department at South Boston High School. At Brighton High, she was in charge of the Christmas Pageant, Class Day, and Graduation. Outside of her school activities, she is a commander in the Naval Reserves.

John R. O'Brien, *Assistant Head Master.*

Mr. O'Brien assumed the duties of the recently-established position of Assistant Headmaster in September, 1964. A graduate of Boston College and Boston College Graduate School, he taught successively at the Lewis School, Columbia University, and Girls' Latin School. He became Head of the Mathematics Department at English High School in 1956 and held that post until December, 1963, when he was transferred again to Girls' Latin School. He has been a special lecturer in Engineering, Mathematics and Calculus at Northeastern University since 1946. A commander in the Naval Reserve, he has taught both Navigation and Operations in the Officer Candidate Schools at Newport, R.I. and at Treasure Island, California.

Bernard C. Reddy, *Co-chairman of the Data Processing Committee.*

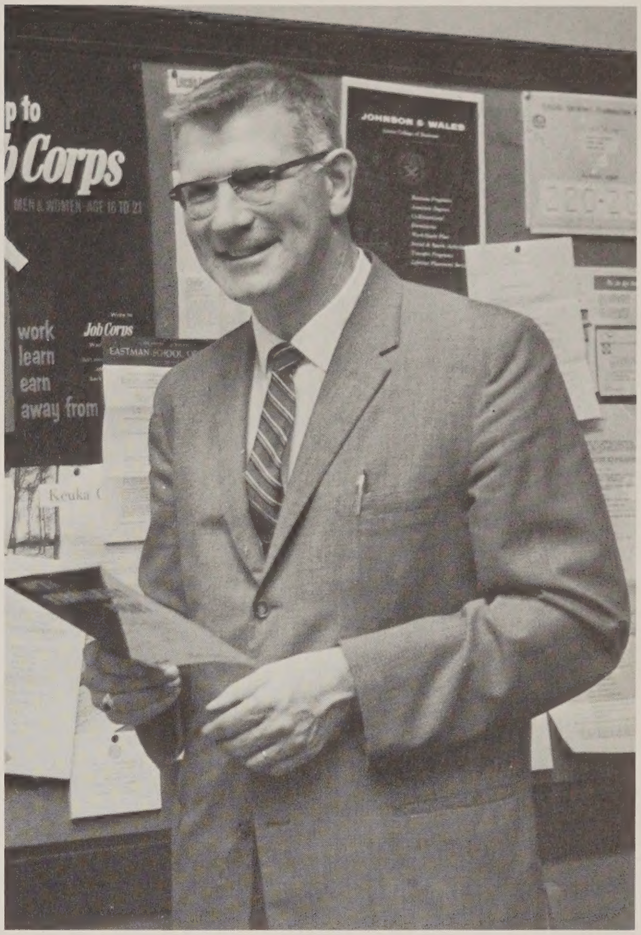
Miss Mabelle O'Neil, *School Nurse,* assists Gregory Racheotes.

Miss Grace McCall, *Guidance Counselor.*

Miss McCall received her master's degree from State College at Boston. Her interests include interior decorating and boating. She has traveled to every state in the Union and to nearly every country in the world.

Our new health teacher, Miss Marjorie Secor (not pictured), received her master's degree from Boston University.

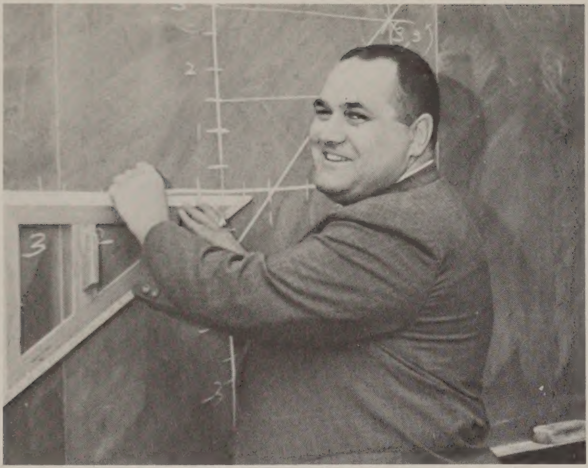
Miss Teresa Callaghan, *School Librarian,* assists student Thomas Nagle.



Mr. William Gilligan, *Guidance Counselor.*

Mr. Gilligan, a graduate of Brighton High School, received his master's degrees from Boston College and Boston University. He obtained his doctorate of arts in oratory from Staley College. Outside of his duties at school, his interests include his large family of six children, and frequent trips throughout the United States as the Boston College Track Coach. In 1962 he went to Europe as coach of a United States Track Team.

Our devoted librarian, Miss Callaghan, obtained her bachelor's degree at Trinity College, Washington D.C., and her master's degree at Boston University. Her hobbies include gardening, cooking, and traveling. She has visited such fascinating places as Rome, Lourdes, Portugal, Spain, Paris, and Ireland.



Mr. William Durante, *Head of Department, Dean of Discipline, Trigonometry, Intermediate Algebra, College Algebra, Analytic Geometry, Limits.*

Miss Elizabeth Tobin, *Plane Geometry, Intermediate Algebra, Trigonometry, Solid Geometry.*

The Mathematics Department at Brighton High School encompasses all levels of mathematics to meet the various needs of the students.

The faculty of the department have received their master's degrees from such colleges as Emmanuel and Boston College; and Mr. Keefe, a Harvard graduate, is now working toward his master's. Mr. Durante, our department head, is also a captain in the United States Air Force and was recently awarded a National Science Foundation grant to Boston College in the field of mathematics. Another teacher, Miss Tobin, was awarded a fellowship for modern algebra at the University of Southern California. After his day's work is done at Brighton, Mr. McCarthy teaches University Extension courses.

The mathematics curriculum includes freshman, intermediate, and college algebra; plane, solid, and analytic geometry; trigonometry; and basic mathematics. The advanced senior division of some twenty students studies college algebra, analytic geometry, and probabilities. The success of this course is evident in the number of students accepted by engineering colleges. The mathematics curriculum truly encompasses a wide spectrum at Brighton High.

SCIENCE

For years Brighton High has had winners at the Regional Science Fair. To keep pace with the modern trends in science, new equipment is added each year.

Mr. Wellings is head of the department. He has visited many industrial laboratories. He teaches physics at Northeastern University and is the course supervisor there. Mr. Reddy also lectures in physics at Northeastern. A trip to the Everglades gave him an excellent opportunity to study reptiles! Mrs. Johnson, a Brighton High alumna, studied at State College at Boston in 1959 for her master's degree in preparation to becoming a re-entrant to the Boston School System. Summer travel to Mexico, Europe, United States, and Canada has been both educational and interesting. Miss Nelson was a medical technologist before entering the field of teaching. She did her undergraduate work at Tufts and received her master's degree from Bridgewater. Mr. Healey also worked in industry as a chemist before entering the teaching profession. Mr. Pendola, a recent graduate of Providence College, is now working toward his master's degree at Boston College under the internship program.

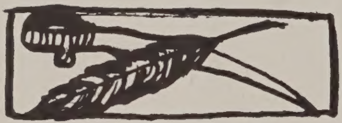
Head of the English Department

ENGLISH



Miss Gail Schneider, *English*

Miss Anita Markunas, *English*

Miss Helen L. O'Leary,
English, Towers Advisor

By combining the foundations of grammar with an appreciation of literature, the English Department provides students with a more perceptive means of self-expression.

Miss Gilman, head of the department, and Miss O'Leary, faculty advisor of the "Towers," both received their master's degrees from State College at Boston. Miss Gilman has said that her greatest honor is the privilege of working with the serious, intelligent students of our school. Miss O'Leary's interests include various travels in the United States, Canada, and Europe. Miss Thompson, an alumna of Brighton High, received her master's degree from Boston College. Her main interest is theology.

A graduate of Barnard College, Mrs. Bates writes for social welfare magazines. Miss Markunas graduated from Emmanuel College and is now working toward her master's at State College at Boston. Miss Schneider graduated from Boston University and enjoys acting in and directing plays. The renowned locksmith of Brighton High, Mr. Casey, earned his master's degree at Boston University. Mr. O'Brien, a graduate of Suffolk University, is now working toward his master's degree at Northeastern University.

The History Department continues to offer a wide range of interesting subjects including World History and Commercial Geography in Grade X; United States History, a requirement in Grade XI; and a choice of American Government, Problems of Democracy, Modern European History, or Economics in Grade XII.

Doctor Moore, acting head of the department, a Harvard graduate, received his doctorate from Boston College. His travels include visits to Europe, Mexico, Canada, and the Mediterranean countries. He is also the author of various graduate school theses.

Mr. Braga received his master's degree from Boston College and is now working toward his doctorate. Mr. Doherty is a graduate of Harvard. Mr. Croke, new to the school this year, graduated from Boston College in 1965. Appointed this year, Mr. Gosnell holds a master's degree from Rutgers University in New Jersey. Another member of the department is Miss Hopkins.

The material in this department helps the students to appreciate not only their historical heritage, but also the economic and political complexities of the modern world.

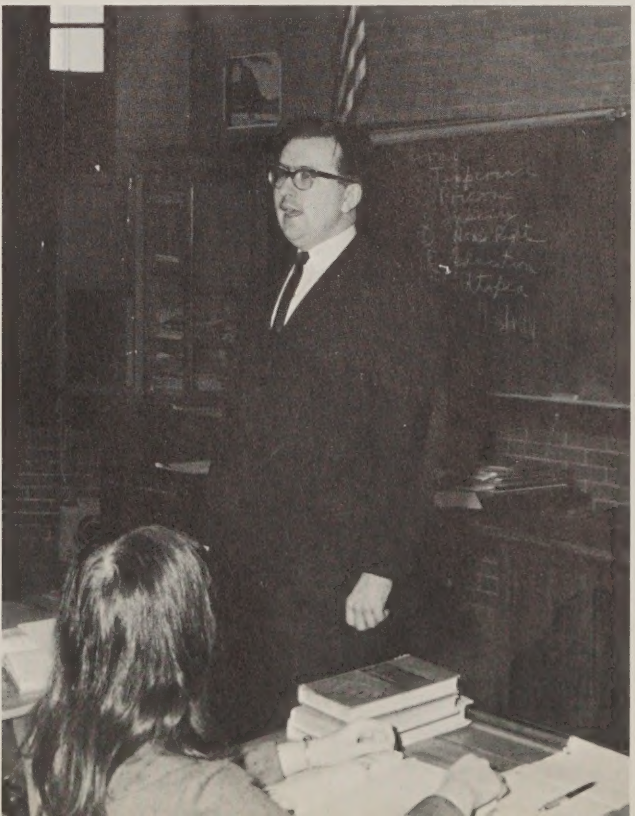
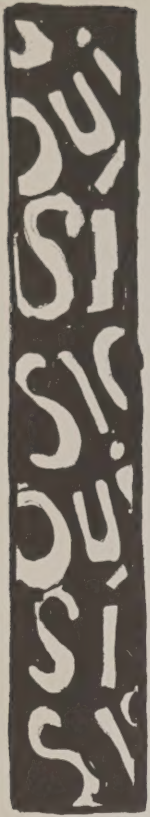
Mr. William Crocke (right) *U.S. History, Economic Geography*

Mr. John Doherty, *U.S. History, World History*





Miss Elizabeth Pelletier, *Head of Department, French*

The Language Department at Brighton High teaches two modern languages, French and Spanish, and one classical language, Latin. Five years of French and three years of Spanish are offered; thus, a student who has begun French in junior high school may continue the study for three more years.

Miss Pelletier, head of the department, graduated from Radcliffe College and holds a master's degree from Boston University. She studied a year at the Sorbonne and has traveled extensively throughout Europe.

Miss Maguire received her master's degree from State College at Boston. She, too, is a worldwide traveler and has visited Europe, Hawaii, South America, Japan, and Hong Kong, as well as the United States.

Three new teachers are also members of the department. Miss Mann, who came here in 1964, is a graduate of Boston University. Miss Cavanaugh, teaching at Brighton High for the first time this year, graduated from Moravian College, Bethlehem, Pennsylvania. Mr. Salterio, a newcomer to Boston schools, received his bachelor's degree from Midwestern College and his master's degree from State College at Boston.

BUSINESS

The Business Department continues to increase in enrollment each year. The many office skills that the student acquires are readily applicable to the business world. As many innovations as can be obtained are put into use by the department. Classes of typing use symphonic music for a correlated rhythm practice. Data processing instruction keeps pace with the various changes in this dynamic field.

Mr. Craven, head of the Business Department, and Mr. Barry both graduated from Boston College. Mr. Sennott graduated magna cum laude from Boston College and received his master's degree from State College at Boston. Since traveling interests Mr. Sennott, he has visited Australia, New Guinea, the Philippines, and Japan. Miss Shulman and Mrs. DesAutels are graduates of Boston University. Mrs. Boyle received her master's degree from Boston University. New to the department this year is Mrs. Donovan, an alumna of Regis College. Other members of the Business Department are Mrs. Rowell, Mrs. Campbell, and Mr. McCormick.

The advancement of learning is the main aim, as always, of this department.

Mrs. Helen Rowell, *Shorthand, Typing*

Mr. James McCormick, *Bookkeeping, Typing, Business Law, Economic Geography*

Mr. John Craven, *Head of the Department, Economics, Business Law*

Mr. Thomas H. Sennott, *Typing, Spanish I*

Miss Deborah Shulman, *Office Practice, Typing*

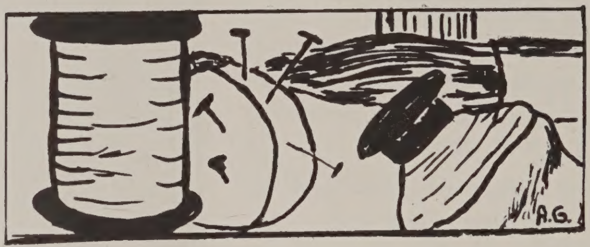
Mrs. Ann S. Donovan, *Office Practice, Typing*

Mr. Samuel Wilson, *Art Department*, and Peggy Demore

ART

Art classes taught by our new young teacher, Mr. Wilson, a graduate of the Massachusetts College of Art, encourage the artistic abilities of both the students who wish to enter art professionally or those who merely enjoy the experiences of the art classes.

Mrs. Lois F. Woods, *Home Economics, Clothing, Home Management*



Home Economics courses help the girls to become good homemakers now and in the future. Teaching in this department are Mrs. Woods, who received her master's degree from Simmons College, and Mrs. Moncy.

This course, important for both career girls and homemakers, teaches specific skills and prepares the girls to undertake their roles as women in today's society.

HOME ECONOMICS

Mrs. Mildred Moncy, *Home Economics*

Mr. Robert McCabe, *Physical Education*

Mrs. Gloria Pope, *Physical Education*

The girls try "Swan Lake."

Since physical fitness plays an important part in our lives today, the Physical Education Department offers a program of vigorous activity.

The girls' gym classes, conducted by Miss Blagdon and Mrs. Pope, provide training in sports such as basketball, volleyball, softball, squash and badminton. The girls are also taught good posture, calisthenics and folk dances.

The boys' gym program is devoted to active sports. Their teachers, Mr. McCabe and Colonel Sullivan, teach them basketball and track techniques. Following this come volleyball games for which there are leagues made up of teams from each class. From these, a championship team is selected. Football, too, plays a major part in the boys' physical education program.

Physical education helps students develop physical fitness and good sportsmanship. With these accomplishments, students can benefit themselves and the people around them.

PHYSICAL EDUCATION

Mr. Warren Burnham, *Placement Director*
Mr. Alexander Passaretti, *Co-operative Automotive Co-ordinator*

Mrs. Mary Larkin, *Secretary in Co-ordinator's office*

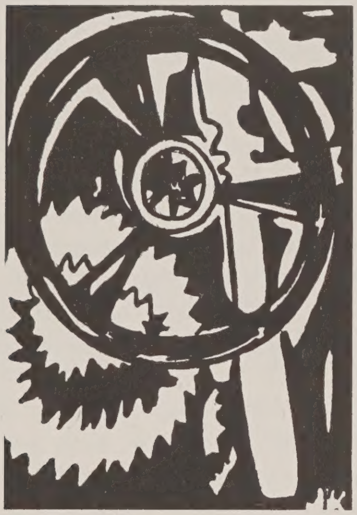
CO-OPERATIVE COURSE

Training is the vital process of making the mind a more effective tool for doing an explicit type of work. A trained mind is a necessity, and only those who have fitted themselves with this tool can share in the world's richest rewards.

The Automotive Department's curriculum is designed to give the boys specific trade training for future employment in the auto mechanics industry.

Mr. Passaretti, a past Brighton High School graduate, and coordinator of the department, holds a master's degree from State College at Boston. Another former Brighton High student, Mr. Introini, graduated from Fitchburg State Teachers' College. The department includes three enthusiastic travelers. Mr. McGuire and Mr. Manfra have both been to Mexico and Canada. Mr. Cicciu has visited Bermuda and the West Indies, besides traveling in the United States. When Mr. Rantuccio is not directing young minds toward mastering ideas, he spends his time fishing. Mr. Carty is one of the busiest teachers in the department. Besides teaching, he is the coach of the boys' football and hockey teams. Other department members include: Mr. Burnham, Mrs. Larkin, Mr. McKillop, Mr. Vozella, Mr. Lescarbeau, Mr. Bruno, Mr. Messuri, Mr. Najarian, Mr. McNamee, and Mr. O'Brien who teaches English.

Walter McKillop, *Shop Instructor;* Michael P. Lescarbeau, *Automotive Instructor;* Albert Introini, *Drafting Teacher;* Dominic Bruno, *Automotive Instructor;* Domenic F. Rantuccio, *Math, Science.*



Augustine Messuri, *Automotive Instructor;* Ralph M. Vozella, *Math, Bench Work;* George Najarian, *Head of Auto Engine Department.*

CLASS OF '66

Michael McGrath, *President of Class of 1966*
Mr. M. Henry McInerney, *Headmaster*

ITS PRESIDENT

As graduation day approaches, we, the Class of 1966, are reaching a most important crossroad in our journey. There are many roads we can pursue. Some of us will go on to higher education while others will go into business and industry. No matter how challenging our road may be, let us accept our responsibilities. If we keep ourselves mentally and physically able and use the utmost of all our abilities, our road will be one of service to God and country and of accomplishment and satisfaction to ourselves.

The Class of 1966 will always remember its three years at Brighton High. There have been good times when learning was enjoyable, and difficult times when learning was painful, but we have learned. Our respect for each other has grown, regardless of race or religion. Above all we have learned to think for ourselves. Let us in future years live up to these ideals.

We are very grateful to our parents who have guided us through our years, and to our teachers who have enlightened our minds to be thinking adults. We owe and willingly give more gratitude than we can express. Our deepest appreciation we offer to Mr. McInerney, our headmaster, who has been understanding and considerate at all times.

Our feelings at this time are mixed. We are leaving the security of our childhood for the insecurity of adulthood. Behind us lie our friends and fond memories of our school. As we go out into this world we are going to try to make our mark on society. Indeed we shall succeed, because we are prepared. Now, out in society, we shall have to make our own decisions. We are going to be the America of tomorrow, the backbone of the country.

CLASS POEM

Flowing waters move to the open sea;
Voyagers sail on, searching
For something new beyond
The misty tides of memory.

Through the blazing sunrise lights
We drift to a far unknown,
Toward the shore of discovery
From the grey turrets of knowledge.

Beyond our quiet beginnings,
The early growing times,
Through the dimming paths
That lose themselves behind us.

And the places of yesterday
Are gone for all time,
Fading on the wind
In the crystal morning.

CLASS ORATION

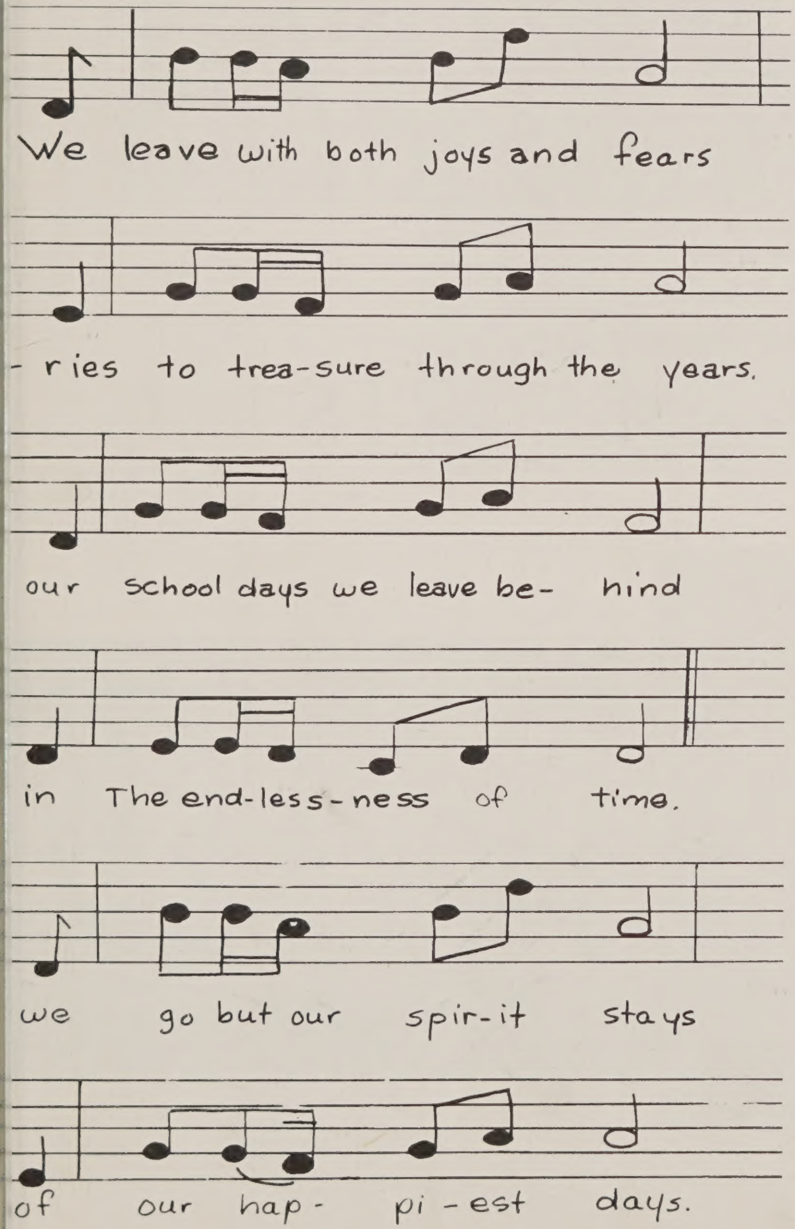
The American way of life is our most sacred possession. As the basis of democracy it is not blind allegiance, but a comprehensive self-government; not one compulsory religion, but the right to religion; not a nationality, a single thread, but a nation, a motley fabric whose fiber is enduring. We know what it is for it is our way of life. As citizens we must ask ourselves some all important questions. Are we able to protect this sacred possession? Have we the knowledge and foresight with which to prevent its decay and destruction? At this moment a most vicious enemy is waging overt war, a war which may decide the greater part of our nation's future. An openly vicious enemy, however, may not be our most dangerous. The corrupt in government, the maniacal dictators, the insidious Communists —any of these forces could undermine a nation. Our nation has survived, but it is not exception.

No alien or domestic force can do more or greater irreparable damage that can we ourselves.

Ignorance is the most basic decaying force. An informed citizenry is the foundation of the democracy's elections and America's prosperity. It is the duty of the educated to provide facilities of learning for the uneducated; it is the duty of the uneducated to be receptive and to become informed citizens.

Presumption is the most hazardous force. Although America is a great and thriving land, and leader of the Free World, it must not presume that its way is correct for or desired by every other nation. Suppression of other ways of life must not be our foreign policy. Presumption is not the keystone to peaceful co-existence.

Apathy is the most deplorable force in America today. It is seen in the dirty gutters and at the polls; it is practiced at home and in the legislatures. Indifference is fertile ground for every other evil force in our nation. As the parents, teachers, citizens and leaders of a bright tomorrow, we can never teach too thoroughly the doctrines of democracy, never be too aware of the imminent dangers, never defend too vehemently our American way of life.



We leave with both joys and fears
- ries to trea-sure through the years.
our school days we leave be- hind
in The end-less-ness of time.
we go but our spir-it stays
of our hap - pi - est days.

Coach Carty confers on strategy.

COACHES

Twenty-six years of coaching experience make Thomas Carty the great coach he is. Coach Carty holds discipline above all else, requiring all his players to attend every practice. He believes in perfecting the basic fundamentals of a sport until they become second nature; in other words, practice makes perfect.

The coach knows his sports from the inside, too. At Jamaica Plain High, he ran track and played baseball and football. While attending Boston University he continued on the gridiron.

As coach of the BHS football and hockey teams, Mr. Carty summed up the season by saying, "An outstanding group of young men who overcame many handicaps to have a very successful season, and delight themselves, their followers, and their coach." Coach Carty certainly wins the esteem of his teams through his respect for their members.

Coach McCabe discusses the cross country race.

Having played football, basketball, and baseball, at the University of Rhode Island, Coach Robert McCabe knows what it's like under pressure. Before coming to BHS Mr. McCabe was head coach at St. John's Prep School for six years and understands every phase of coaching and training.

His philosophy is to do the best possible and to get results. The players should win for themselves, not for a coach.

Although proud of each victory gained by his boys, Coach McCabe was also proud of the manner in which his boys lost and the efforts made. The lesson learned —try harder!

Anxiously watching from the sidelines is Coach McCarthy.

"I would even coach a checker game," says Coach Robert McCarthy. In his two years at BHS, Coach McCarthy has shown a real love of competition and strategy, and an unselfish devotion to sports. To him each game is a challenge—never routine.

Training? The Coach has had years! Starting with English High School's football and hockey teams and ending someplace near the Missile Bowl in Orlando, Florida, Coach McCarthy has received practice, victories and defeats, honors and offers.

As a trainer of athletes, the coach believes in practice and conditioning, team work and spirit.

FOOTBALL

Row 1: Ed Gannon, Bruce Storer, Fred Persechini, John Neri, Captain; Bob Hogan, Captain; Thomas Nagle, Eric Iverson, Richard Mason. *Row 2:* David Monroe, Bruce Walker, Robert Johnson, Robert Cosman, David Mayo, Coach Carty, Frederick Ahearn, Steven Barry, Robert Ciccoretti, Larry Mazzola, Charles Currie.

The 1965 football season began with a 22-0 win over Trade High in the Boston Jamboree. Things looked bright when Brighton's first scores were made by Dave Hale and Bob Bell. Bob Ciccoretti's conversion brought the score to 14-0. Bob Hogan scored the final touchdown by picking off a pitch out and racing 40 yards. John Neri added the conversion making the final score 22-0.

The Brighton-Southie game found both teams under great pressure. Due to untimely fumbles and interceptions, drives were snuffed out each time BHS threatened to score. Brighton was finally able to put up 6 points after a 65 yard drive capped off by a Neri 3 yard plunge. The final score was set at 14-6.

Brighton's first victory came as it handed Eastie a 14-6 defeat. Ed Gannon demonstrated his running ability as he rolled out and scampered 26 yards for a touchdown. The two point conversion was made by John Neri. Bob Hogan scored Brighton's final points as he took in a 36 yard pass from Gannon.

With John Neri and Dave Hale supplying the power, BHS had an easy victory over J.P. Neri scored three touchdowns on runs of 8, 14, and 20 yards. Hale scored on a 25 yard sprint. The game ended BHS 32-J.P.-0.

BHS defense really came through against Hyde Park. John Neri capped a 76 yard drive on an 11 yard run for Brighton's first score. Bob Hogan, playing defensive end, intercepted a pass and went 55 yards for the second score. Gannon's conversion set the final score at 14-0.

The BHS-Latin game saw Latin dominating the first half with a twenty point gain. In the second half, determined BHS was able to score on a 12 yard pass from Gannon to Iverson. Although Brighton kept Latin scoreless in the last half, it was unable to make up the 14 point deficit.

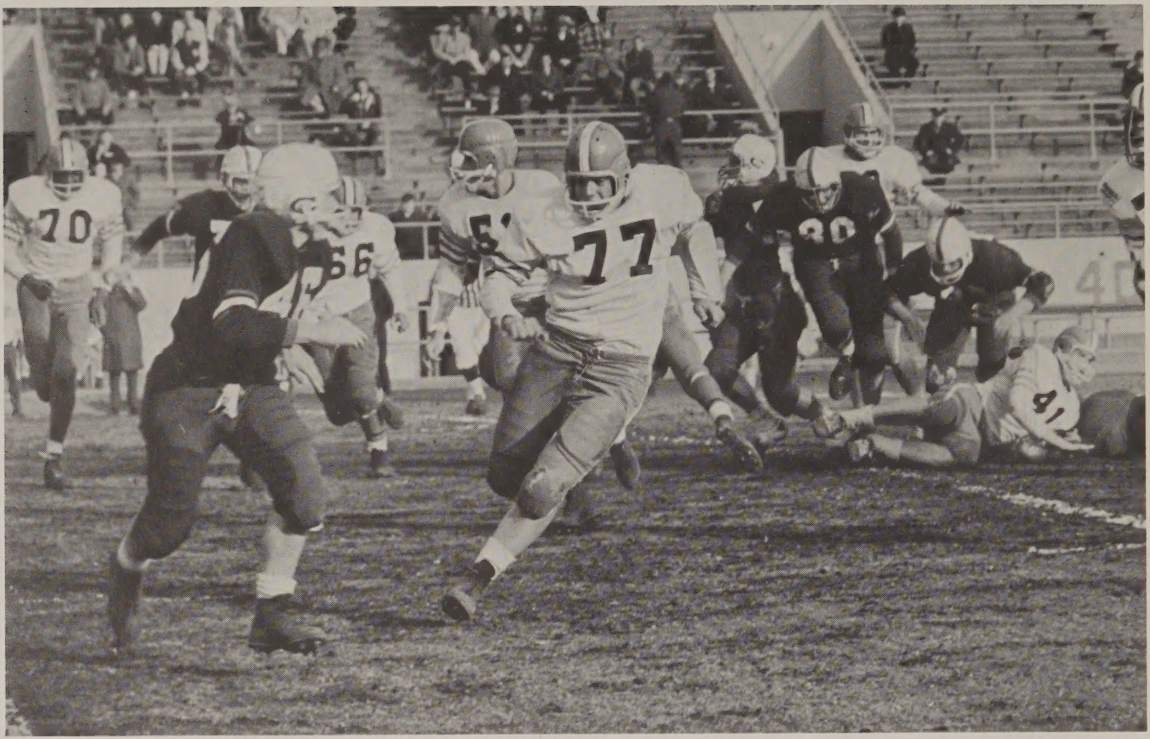
Again BHS had little difficulty in defeating J.P. Q-B Gannon passed to Bob Hogan and Dave Monroe for two touchdowns and set up another with a 30 yard gallop. Dave Hale then scored on a one foot plunge and line backer Trainor scampered 20 yards after intercepting a J.P. lateral. Hale's 2 point conversion made the final score 26-0.

Due to limited personnel and newly-occupied positions, BHS was not up to its potential in its game against Charlestown. Bob Hogan scored on a 3 yard plunge and Steve Barry on a 22 yard aerial completion from Ed Gannon. Although BHS gave a great effort, it was not enough to defeat the Townies. The final score was 28-12.

Although Brighton played a well rounded game against Tech High, the opposition came out on top with a score of 36-30. Ed Gannon set a schoolboy record by tossing five TD passes thus proving himself to be the best quarterback in the city. Bob Hogan took in three of the passes and Steve Barry two.

On a muddy field, BHS met arch rival Roslindale. Brighton's first TD was made by a Hogan 35 yard completion. John Neri's conversion set the score at 8-0. After several unsuccessful attempts at a first down, Ed Gannon threw a 55 yard pass to wing back Barry setting the final score at 14-6.

Among those outstanding on the BHS bench were Ed Gannon, Honorable Mention All-Scholastic, All-District, and All-Scholastic Quarterback; Bob Hogan, Second String All-Scholastic, All-District, and All-City End, and John Neri, Honorable Mention All-Scholastic, All-District, and All-City Fullback.



Nagle, Trainor, and Gibbons lead the interference.

Row 1: James Denning, Greg MacLeod, James Gianelis, Stephen Cotter, Les McIsaac, Chucky Redman, Barry Curtis, Les MacLeod, Charles Currie. *Row 2:* Ross Melanson, Luciano Cherin, Angelo Vozzella, Wendell Oakes, Coach Carty, John Sampson, Gordie Grant, John Mercer, Jerry Grant.

HOCKEY

In the first game of the season, it was the MacLeod brothers that set the pace for the Brighton win. Les MacLeod connected for four goals and Greg two to account for six of Brighton's eleven goals. The final score was Brighton 11-Jamaica Plain 3.

Johnny Young's four goal performance gave Brighton an easy victory over East Boston. Greg MacLeod spearheaded another attack and scored two more goals. Billy Novak held Eastie to two goals allowing Brighton to win 7-2.

Although leading early in the second period, Brighton had to share a 4-4 tie with Hyde Park. The opposition battled back in the third period to tie the score.

Until Les MacLeod's lone goal in the first period, Brighton trailed Hyde Park by three goals. BHS exploded for four goals in the second period, and wrapped it up with two more in the third, giving itself the win 7-1. Scoring were Greg and Les MacLeod, and Les McIssac with two goals apiece.

Leading early in the third period, Brighton had to share another 4-4 tie, this time with Roslindale. Scoring two goals was Greg MacLeod; contributing one each were Les McIssac and John Padgett.

Brighton's percentage of wins gave them a State Tournament berth. The first game was against Burlington. John Young's hat trick and the superb playing of the entire team dominated the game enabling BHS to beat Burlington 4-1. This win gave Brighton the right to meet with North League Champion, Marblehead. Brighton, the only Boston school remaining in the Tourney, battled to make a respectable showing. Because BHS played shorthanded, and because John Young was seriously injured in the first period, the rest of the team found the opposition too much to overcome. The final score was 3-0.

Les MacLeod attempts to score.

Assisted by Les MacLeod, Johnny Young scores a goal.

Deep in East Boston territory, Greg MacLeod scores an unassisted goal.

Ross Melanson brings the puck across the blue line.

The puzzled East Boston goalie watches Les MacLeod score a goal.

BASKETBALL

Brighton traveled to East Boston for the season's fifth game, which again proved a great effort. Eastie held the lead throughout the game despite the fine playing of Doc Grant who scored 22 points.

BHS suffered another loss at the hands of Rosie—79-93. Brighton trailed from the opening top-off although high scorer of the game was Doc Grant with 28 points.

Southie defeated BHS a second time with a final tally of 64-70. Bob Hogan had a good day scoring highest with 18 points.

Jamaica Plain had been undefeated for approximately three years, but they came uncomfortably close to having their winning streak broken. BHS seized the lead several times, but in the rest of the game J.P. never had more than a 5 point lead. High scorer was Doc Grant with 20 points while Bruce Crosby had 10. As a result of this game the outlook for the rest of the season became much brighter.

In the first game of the season South Boston handed BHS a 69-92 defeat. Brighton's Stan Ridley was high scorer with a tally of 25 points.

Brighton lost their second game when they traveled to Jamaica Plain. High scorer was Tommy Nagle with 11 points, and Joe Delgardo came up with 10.

The season's third defeat came at Hyde Park where BHS scored 75 points to Hyde Park's 101. Joe Delgardo racked up 22 points. Despite the fine efforts of the players, Hyde Park led throughout the game.

Once again the Brighton squad fell short. Despite a great effort by Bruce Crosby, 15 points, Brighton was defeated 52-68 by Charlestown.

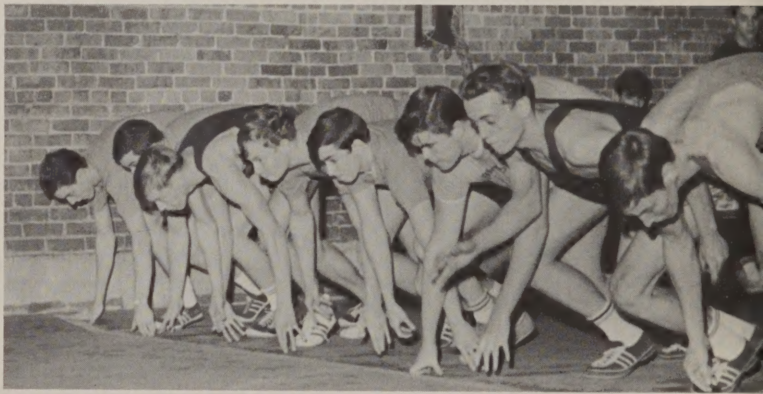
TRACK

Row 1: Gustavo Silvestri, Laurence Christie, Marvin Verter, Felton Austin, Daniel Casale, Clayton Sparks, William McLean, Captains; Michael Kreopolides, Michael Wilcox, Roy Benson, John Cox. *Row 2:* Coach McCabe, Alvin Pope, Henry McDuffie, David Cherson, Robert Bell, Ronald Lee, David Hale, Vincent Miola, George Lemanis, William Arrington, Donald Baia. *Row 3:* James Richman, William Monahan, William Burroughs, Larry Mazzola, Bruce Storer, Robert Johnson, Mark Gleckman, Charles Kidik, John Duffy, Dennis Best.

The Brighton Track Team opened the season with high hopes of becoming District Champion. Many of last year's juniors and sophomores returned making the squad a strong one. Among them were Bruce Storer, Eric Iverson, John Duffy, and Richard Pendleton.

The team was discouraged as Eastie and Rosie won the first two meets of the season, but quickly recovered defeating Charlestown and Southie in the next two meets. BHS placed fourth in the number of qualifiers in the District Trials, and came in fourth behind Rosie, Eastie, and J.P. in the District Meets. The team produced two District Champions, Clayton Sparks in the fifty yard dash, and a relay team of Danny Casale, Clayton Sparks, Mike Kreopolides, and John McDuffie. All-District winners were Mike Kreopolides and Larry Mazzola, Broad Jump; Billy McLean, 2 mile run; and Bernie Buckley, shot put. Clayton Sparks added to his honors by becoming Regimental Champion in the 50 yard dash. Other notable members were David Hale in the three hundred yard dash; and Danny Casale, Mark Gleckman, and Bobby Bell in the high hurdles.

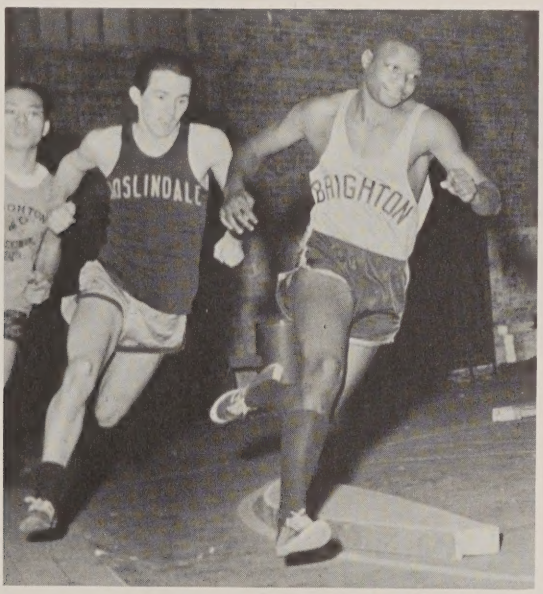


It's a long hard run from the starting line . . .

to the wire.

John McDuffie comes through again.

Pass the baton, John.



Cutting corners is Bob Bell's job.

Practice makes perfect, Mark.

Before you accept that first job . . .

Look over your employer as carefully as he does you

What's the Company like anyway? Would I be proud to work there? Reputation for square dealing with employees? Pleasant surroundings?

Will I be working with others my own age? Are they friendly? Do they socialize after hours?

Will the boss be reasonable? Appreciate good, hard work, but won't explode if I make a mistake?

Will I make a decent week's pay? Have a chance for raises, advancement, more responsibility? How about fringe benefits?

Is the work challenging? I had what it takes to get through high school. Will they give me a chance to use my brains?

Note: Many young men and women in this area can answer "Yes" to these questions. They work for New England Telephone Company . . . New England's largest employer.

Why not talk with our employment interviewer soon . . . before you graduate? Ask your Guidance Counselor to tell you when and where to apply.
